Extending Access to a National Wine School Course

Current Online Students · https://wineschool.us/help/extending-access-to-a-national-wine-school-course/

If your course access has expired, the National Wine School allows students to purchase a 60-day extension to complete their program. This option is available even if your course expired some time ago, especially in cases where personal or professional obligations caused delays. You are able to purchase as many extensions as needed. When you're ready to continue, you can order the extension here: https://wineschool.us/product-category/certification/extensions/
