How to Verify Your Credentials without an Identification Code

Current Online Students · https://wineschool.us/help/how-to-verify-your-credentials-without-an-identification-code/

All credentials issued by the National Wine School can be verified by employers and schools through our website. Each certificate issued comes with a unique code. If you do not have your code, you may find it by taking the following steps:

1. Go to your account, click on "Grades and Courses"
2. Select the certification you wish to verify, and click "Student Transcripts"
3. You will see a Certificate icon displayed. Click on it to view a copy of your Certificate.
4. The code will be displayed above the Certificate.
5. Record the code and give it to potential employers or other authorized parties to verify your certification.
