I need an extension for a course/my class expired/my class is missing from my account!

Current Online Students · https://wineschool.us/help/i-need-an-extension-for-a-course-my-class-expired-my-class-is-missing-from-my-account/

If you are taking a course and need more time, you can submit an extension request here: https://wineschool.us/product-category/certification/extensions/. This will give you an additional two months to complete the program. There is a small administrative fee attached to this process.

One note: If your program has already expired, you will need to submit an extension request AND notify us via our support system so we can update your account.
