To create a student account at NWS, follow these directions:

- Click on "My Account"
- Select "Login"
- Select "Register an Account"
- Fill out your username and email address.
- A confirmation email will be sent to you.
- Confirm your account, then complete the user profile.

After creating the account, please inform your administer that you have manually created an account. They will then be able to grant access to your specific program(s).
