My certificate doesn’t have my name on it!

Certification Questions · https://wineschool.us/help/my-certificate-doesnt-have-my-name-on-it/

Your electronic certificate displays your First and Last Names as entered in your Student Account. If the certificate is blank, or has the name of the purchaser, simply update your account by taking the following simple steps:

First, click on "My Account." Once the page loads, click on "Edit Profile" and scroll down to "First Name" and "Last Name." Complete these fields and hit "save".

Other helpful hints: It's best if your Display Name is your full name. It's also a good idea to verify your email address and mailing address are correct while you are updating your account.
