Purchasing an Online Wine Course for Someone Else

Current Online Students · https://wineschool.us/help/purchasing-an-online-wine-course-for-someone-else/

To purchase an online wine course for someone else, you may purchase a gift certificate.

If you are purchasing a course for multiple people, you may sign up as a Group and qualify for a discount.

The group method is recommended for businesses, as the option allows the group leader (the purchaser) to control who has access. Please note, however, that digital literacy is required and NWS cannot manage the Group on behalf of the group leader.

Therefore, before selecting this option, we strongly recommend reviewing the "how-to" instructions here: https://wineschool.us/help/adding-and-removing-users-in-a-group/
