Reactivating an Expired Course at the National Wine School

Current Online Students · https://wineschool.us/help/reactivating-an-expired-course-at-the-national-wine-school/

If your access to a course at the National Wine School has expired—such as the Level I Certification—you don’t need to repurchase the full program. Instead, you can restart where you left off by purchasing a 60-day extension for $20. This option is designed for students who had to pause their studies and are now ready to return.
