Teaching Sommelier Certification Courses with NWS

Professors · https://wineschool.us/help/teaching-sommelier-certification-courses-with-nws/

The National Wine School makes it easy for educators to offer sommelier certification courses in the classroom or online. The platform supports Level 1, Level 2, and Level 3 certification programs, each delivered over six months.

Educators subscribe to the Instructor Dashboard for $19/month, which includes student management tools, grading automation, and access to a comprehensive knowledge base. Each course seat is reusable, allowing instructors to assign the same subscription to different students in different terms.

Courses are flexible enough to support online, in-person, or hybrid delivery formats.
