If you register for an online wine course, the National Wine School will email you within five minutes via nws@wineschool.us. The email notifies you that an account has been created for you and gives you a link to create a password and access the course materials.

If you do not get this email, your email provider very likely blocked the email. Please make sure to whitelist all emails from wineschool.us to ensure receipt of important information about your program going forward.

If you lost the email or your email provider blocked it, do not worry. You can reset your password here: https://wineschool.us/sommelier-student-page/. Make sure you use the same email address you used when purchasing the online wine course.

Once you have access to your account, you will see your course(s) in your Student Account.
