Certification Review Request Agreement

By signing below, I acknowledge that:

A course may be replaced with "Credit towards Advanced" if it is not part of the current NWS curriculum or if the grade was insufficient for certification but sufficient for credit hours. A program may be transferred without certification if the process is pending approval by NWS. It can take up to 30 days for a transfer to be approved. A program title may differ if NWS issued credit and grandfathered me into a similar program.

I understand that submitting this form is a one-time request and the National Wine School's ruling on my certification status is final.
